ABOUT US

QuMech Energy offers engineering services that include design, manufacturing, installation and innovation.

With its expert team experienced in the Petrochemical, Refinery, Industrial Facilities and Iron & Steel Sector, which has the necessary documentation and project management skills, QuMech Energy aims to provide services to its stakeholders in the field of Steel, Piping, Sandblasting Painting, and Industrial Construction.

OUR VISION

Innovation and Solution Oriented Leadership in the Sector!

In the sectors we work in, we adopt the vision of being a reliable, leading company by producing special solutions for projects and creating values with an advanced vision.

We aim to achieve the leading values that shape the sector by offering special, impressive and sustainable projects to our customers.

OUR MISSION

Expertise in Project Management and Value for People!

Our mission aims to manage the resources required in project management in the most effective way. We work in a quality, efficient way, distribute it to people and labor, and we carry respect at the highest level. In this direction, we create a working environment aimed at excellence and are committed to providing continuous improvement and customer satisfaction in our projects.

OUR SERVICES

Mechanical;

- Steel Construction Manufacturing and Installation,
- Industrial Piping Works,
- API650 Tank Productions, API653 Tank Maintenance and Repair,
- Industrial Facilities Periodic Maintenance Services,
- Static Equipment Maintenance and Repair,
- Tank Base Sheet Changes,
- Tank Hardware Sheet Changes,

Industrial Facility Installation;

- Steel Manufacturing, Assembly Works,
- Plumbing,
- Fire Installation,
- Ventilation, Air Conditioning,
- Piping Works,
- Construction,
- Project Management,
- Personnel Supply,

Sandblasting Painting;

- Fuel Storage Tanks Sandblasting Painting Works,
- Field Sandblasting Painting Works,
- Sandblasting Painting Manufacturing Works,
- Tanker, Damper, Trailer etc. Sandblasting Painting Works,
- Fire Plaster and Fire Paint,
- Epoxy Coating Works,

Renewable Energy Engineering, Installation Services;

- Steel Construction In SPP Projects,
- Construction and Landscape Works
- Infrastructure (Wiring)

Facility Services;

- Maintenance activities,
- Personnel Supply Etc.

Prefabricated Building Services;

- Steel Construction Structures,
- Prefabricated Construction Site,
- Prefabricated Office, Workplace

Industrial and Construction Pier Works;

- Column, Circular Column, Curtain, Deck, Etc.

Industrial Insulation Works;

- Tank, Pipe, Equipment, Etc.

Hydraulic System Tank Lifting Equipment;

- 1.50 Mt 15 Ton Lift: 43 Pieces
- 0.60 Mt 8 Ton Lift: 33 Pieces
- 9 Ton Hydraulic Lift: 40 Pieces
- 15 Ton Telescopic Lift With 1.65 Meters
- Control Unit: 4 Pieces

OUR HSE POLICY

QuMech Energy has agreed and declared to proactively implement the lean and sustainable Occupational Safety and Health Management System in all its activities and to fulfill all its duties and responsibilities.

QuMech Energy, as a solution partner in industrial fields, adopts the goals of increasing the quality of life and production, environmental and human sensitivity, following the developing technology in an innovative and creative thinking environment, producing the engineering projects and applications of the future.

In line with these goals and objectives, as QuMech Energy we undertake that;

- We will carry out our activities in accordance with the rules of national and international law,

- We aim for continuous development by determining the Occupational Safety and Health Management System rules as working principles,

- In order to ensure the appropriate continuity of the Occupational Health and Safety Management System; we will facilitate the planning, control, monitoring, taking, auditing and review of corrective and preventive measures of activities,

- We will take all necessary measures by carrying out all our business processes in a way that does not harm the environment and people,

- Renewable and clean energy investments are our main focus in all business processes of our company,

- We will determine our main business goal by applying the Occupational Health and Safety rules in our work areas without compromise and making risk assessments.

OUR QUALITY POLICY

- To continuously improve our service quality in accordance with innovations in technology,
- To provide effective, efficient and reliable service with a quality awareness and friendly management approach,
- To fully comply with the requirements of the Quality Management System in order to increase the satisfaction of our customers,
- To reinforce quality awareness and team understanding with continuous education,
- To ensure improvement and development with continuous reviews in accordance with the Quality Management System,
- Necessary infrastructure investments continue to be made in order to maximize the satisfaction level of our customers and to realize all these by always meeting the needs and expectations of the customers we serve in the most accurate and high quality way.
